

CSE AND GROOMING

LO: To explain the impacts of grooming and CSE on both girls and boys.

WHAT IS CHILD SEXUAL EXPLOITATION (CSE)?

The following definition of child sexual exploitation was developed by a group of young people – You need to write this down in your PSCHE book:

‘Someone taking advantage of you sexually, for their own benefit. Through threats, bribes, violence, humiliation, or by telling you that they love you, they will have the power to get you to do sexual things for their own, or other people’s benefit or enjoyment (including touching or kissing private parts, sex, taking sexual photos).’

REFLECTION...

- In a good relationship, both people want what's best for each other.
- Some people make you think they are your friend, boyfriend or girlfriend, but really they might be just using you.
- Some people make young people feel special (e.g. giving them gifts or paying them compliments) in order to gain control over them.
- Some people use pressure and threats to try to gain control over others.

How can you tell when a situation is unsafe, and set boundaries about what you want to do and don't want to do?

How can you tell if someone wants a relationship with you for the right or wrong reasons?
