

Welcome to the Geography department

At Loxford, we believe that geography students hold the key to the world's problems. So many of the world's current issues – at a global scale and locally – boil down to geography, and need the geographers of the future to help us understand them.

In Year 7 students will learn about both physical and human geographical processes and concepts.

Physical content: Weather and Climate

Rivers

Extreme Environment

Human content: India

Where I live

Tourism

GCSE and A-level exams use the AQA specifications.

Our results

GCSE results

71% Grade 9-4

A-level results

75% Grade A*-C

We are extremely proud of all of our students hard work and achievements
